

LOGGO DESIGN SERVICES + INFORMATION

GGN CREATIVE SOLUTIONS

TAKE A LOOK AT OUR PROCESS

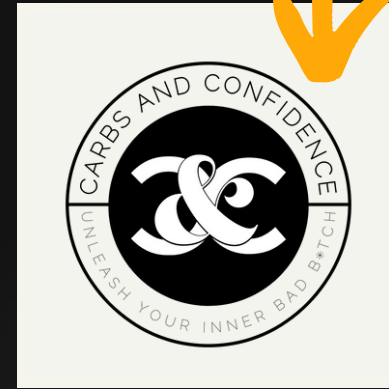

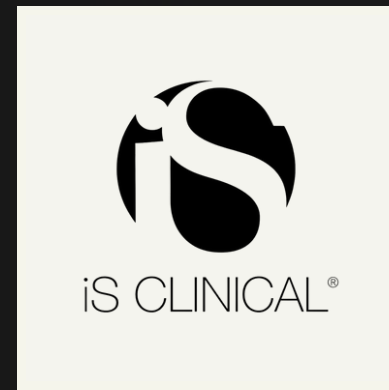

Here's a behind-the-scenes look at what to expect when you book a logo design service. We start with a consultation to get a better understanding of your needs and wants, as well as what aesthetic you prefer. From there, we create a brand board, just like this. It shows your new logo mocked up in a few different ways. Next, we allow you to have edits and revisions or even decide on new ideas. We like to keep you involved. Our logo design service is a collaboration of our skills and your dreams. Don't be afraid to ask questions! Tell us what you love and don't love. If you want to see something else, guess what? That's okay too! Our mission is to provide you with a brand symbol that you love.

It's just that simple.

WE'VE WORKED WITH OVER 250 small businesses

who were just like you! From content creation for fitness brands, to full magazine campaigns for national skincare lines. You've probably seen our work and didn't even know it. Curious about what we can do for you? Let us know about your business, we'd love to talk and help get you in the right direction, even if that doesn't include us!

WHO WE ARE

GGN Creative Solutions was founded in 2018 with a mission of helping small businesses succeed in the world of branding. Since then, we have expanded to web design, and even AR and VR.

However, no matter how we expand, our heart and mission will always be to provide small businesses with affordable creative solutions.

In 2021 we were awarded by Facebook as a "Upcoming Creator" for SparkAR. We look forward to helping more businesses achieve success and expanding into new markets in 2024.
